

ROUNDTrip VANCOUVER

Leaving Vancouver, we travel along the Seymour Narrows, part of the famed Inside Passage, to Ketchikan, where many of the buildings balance on stilts over the water. Icy Strait Point is next, a former salmon cannery dedicated to the thrills and spills of outdoor activities, including the world's largest ziprider, while mountain-ringed Haines brings more opportunities to explore the wilderness. Now comes a breathtaking spectacle as we cruise past the Hubbard Glacier, which calves great chunks of ice into the sea. In Sitka, the onion-shaped dome on St. Michael's hints at the town's Russian heritage, Klawock brings more big nature in the Misty Fjords National Park, and in Wrangell, home to the Tlingit people, you can see 8,000-year-old rock carvings. A relaxing sea day follows, taking us through this incredible landscape to Victoria and back to Vancouver.
